CHILD WELL-BEING LAW

Child Well-Being Tansi, I would like to thank all of the Swan River band members who have attended our and greatly contributed to making our Child Well-being Law (standards). Also a thank you to our Chief and Council for making the time to go through the same process. We have now completed a community consultation in Wabasca, thank you to the members for their hard work. We are working to have one in Calgary in the middle of April. We had one schedule for the youth 18-30 however there was no interested. Thank you to Elders Roddy Twin and Dusty Twin Sr. for their input and help.
